HOME AT THE BEACH | BOOK

NEXT SUMMER'S BEACH READ

We'll create next summer's ideal beach read. We'll ask for people's best beach memories, and then hire a novelist to incorporate them into a paperback novel that takes place in PCB. So people will have some great reading to look forward to when they're back at the beach.

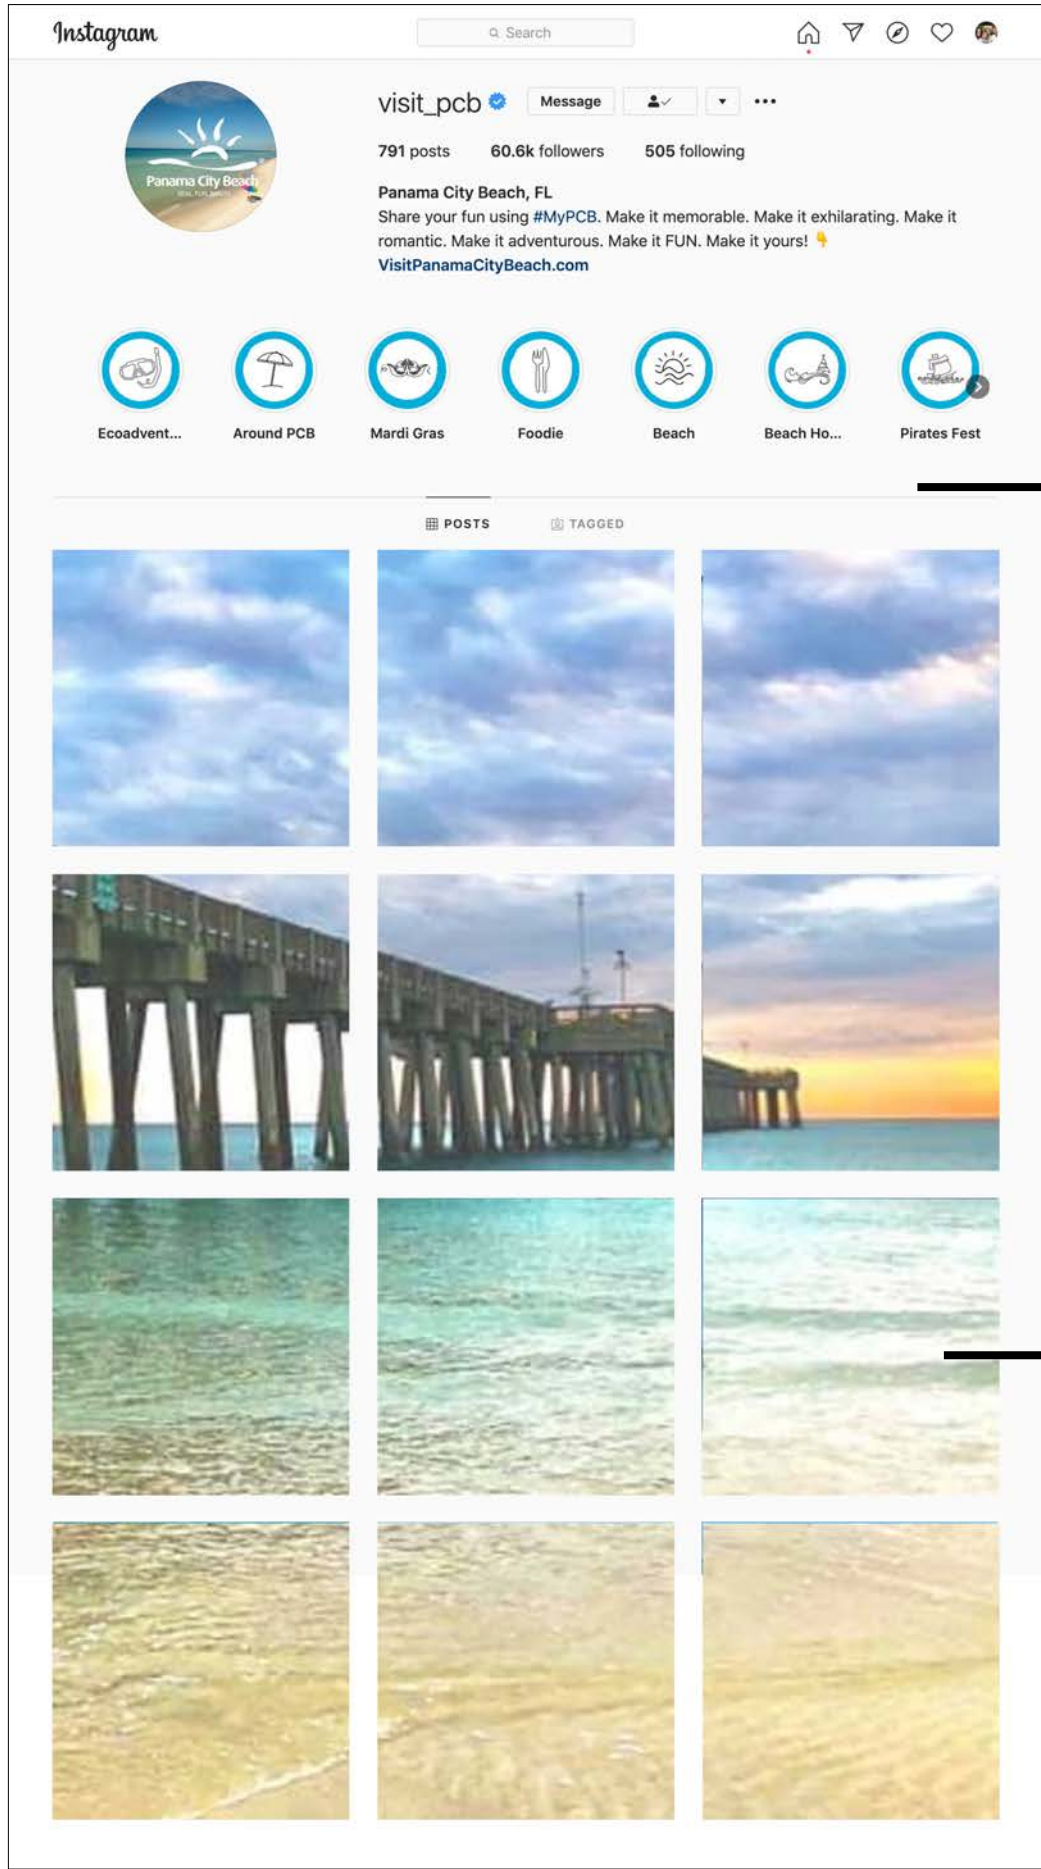

COFFEE TABLE BOOK

We'll create a beautiful coffee table book full of real people's favorite PCB photos. The book can cover everything they love about the REAL. FUN. BEACH. — food, white sand, entertainment, adventure, etc. We'll sell it online and eventually in stores. Proceeds will go to help PCB businesses.

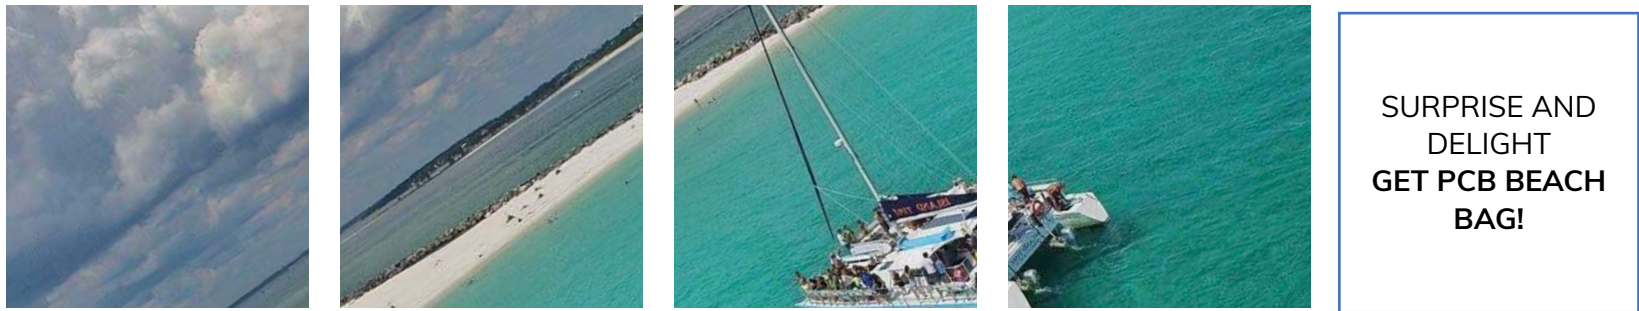

HOME AT THE BEACH | SCAVENGER HUNT

First, we'll seed the clues of the scavenger hunt between all PCB platforms. Then we'll give a clue each day of what users should be scavenging for. Some clues will direct them to our Pinterest account, hidden places on IG carousels or even lead them to Google Maps Street View.
